business?

Demonstrating how grants can help **your** forestry business

To demonstrate how grants under the Rural Development Programme have helped forestry contractor and woodfuel businesses grow, Forestry Commission England are promoting a series of **free** events England-wide.

The new Rural Development Programme opens in 2015 which will include a scheme to improve Farming and Forestry Productivity. This package will probably include support for:

- Timber harvesting, extraction and primary processing equipment (woodfuel and timber)
- Storage to dry woodfuel
- Venison processing
- Training
- Business support
- Co-operation, collaboration and advisory services

Forestry Commission England have teamed up with businesses across England to show how previous European Union funding has enabled them to grow and improve their efficiency.

The events will give attendees the chance to speak to those who have been through the funding process. A Forestry Commission officer will also be available to answer your questions.

Events will take place between September 2014 and January 2015. As there will be limited capacity, we encourage you to contact us as soon as possible to register your interest.

To register:

Please call Amy or Jude at Lantern on 07502 985921 or email them at events@lantern.uk.com.
